Delaware

Potential Beneficiaries in 2024

In Delaware, there were 47,100 pregnant women and families with children under 6 years old not yet in kindergarten who could benefit from home visiting. These families included 63,500 children.

63,500
children

could benefit from
home visiting

Of the 63,500 children who could benefit—

Infants <1 year	Toddlers 1-2 years	Preschoolers 3-5 years
8,800 14%	21,600 34%	33,100 52%

47,100
families

could benefit from
home visiting

Many home visiting services are geared toward particular subpopulations. The NHVRC estimated the percentage of families who could benefit in Delaware who met the following priority criteria:

Of the 47,100 families who could benefit—

NHVRC State Profiles present data provided by evidence-based models, which include both MIECHV and non-MIECHV data. This State Profile includes participant data from the following evidence-based models: ABC, EHS, HFA, NFP, PAT, and PFR. • Missing and unknown data were not included in calculations. • Percentages may not add to 100 due to rounding. • Public insurance includes Medicaid, CHIP, and TRICARE. • Low income is defined as family income below the federal poverty threshold. • Single mothers include single, never married mothers or pregnant women. • ABC data for child insurance status were not included. Data are reported for the ABC-Infant program. • EHS data may be underreported. Data include EHS programs that provided home-based services only. EHS did not report home visits. Data for child insurance status were not included. • HFA data for private insurance include other forms of health insurance. • PAT data for child insurance status and primary language were not included. • PFR reported children served, families served, total home visits, and virtual home visits only.

The NHVRC is a partnership of James Bell Associates and the Urban Institute. Support is provided by the Heising-Simons Foundation. The views expressed here do not necessarily reflect the views of the foundation. For a detailed methodology, see the 2025 Home Visiting Yearbook.
