

OPEN YOUR DOOR TO A HEALTHIER FUTURE, WITH THE FREE HOME VISITING PROGRAM.

We support families where help is
needed, one step at a time.

The Home Visiting Program is free and voluntary. It is proven to improve the health of babies and parents, as well as aid in a baby's development.

WHO?

The Home Visiting Program is staffed by Family Support Specialists, who are trained nurses, social workers, and parent educators.

WHAT?

Family Support Specialists will get to know you so that they can offer support services to meet your needs and help with your child's development. They may promote safe-sleep practices, help you understand your child's milestones, and more.

WHERE?

The program can take place at your home or at another location of your choosing.

WHEN?

Now. To learn more or sign up for the program, call 2-1-1, text your ZIP code to 898-211, or visit DEThrives.com/HomeVisiting

WHY?

The positive results of the program are proven, and the benefits for families are clear. Families who participate in the free Home Visiting Program experience:

- Improved maternal and child health
- Earlier detection of possible developmental delays or disabilities
- Improvement in school readiness and achievement
- Better family health care practices, including a reduction in maternal stress as well as an increase in smoking cessation
- Higher rates of completion of educational and/or training programs, plus more financial independence

Welcome a chance for a brighter, healthier tomorrow.
